

April 26, 2022

This list includes those Contractor's that had a Middlesex Business License and State Contractor's License as of the end of February, 2021, and most have also obtained plumbing permits from the Middlesex Building Department within the last year. This list is NOT inclusive of all eligible contractors that have their State license to perform the type of work needed to connect waterlines. As a reminder, a plumbing permit will be required as well as installation of a backflow prevention device.
